

@euro-Shred®

CONFIDENTIAL DATA DESTRUCTION SERVICE

- Security sacks & storage containers supplied to suit each company's individual requirements
- No need to remove staples, paper clips, ring binders or lever arch folders
- All types of materials can be shredded including Corporate Wear/ Clothing, Microfiche, Computer Hardware/Software, Contraband Goods etc.
- All Euro-Shred personnel are strictly security-vetted.
- All collection vehicles are satellite tracked.
- The full destruction process of the Confidential Waste at our depot can be viewed if required.
- The Depot is secured by a Redcare intruder alarms system connected directly to a remote monitoring station and is regularly serviced by NACOSS Approved Engineers.
- All operation procedures are carried out to the stringent standards of BS7840 and audited by UKSSA and BSIA, our highly selective trade associations.
- Euro-Shred is fully Insured for efficacy and contractual liability against loss or damage to tangible property held in trust
- All National accounts are administered and controlled by Euro-Shred.
- Local family owned business established over 37 years offering a personal, friendly and professional service.

What should your company destroy?

- | | |
|----------------------------|---------------------------------|
| *Classified documents | *Contracts |
| *Advertising misprints | *Lottery tickets |
| *Store coupons | *Medical records |
| *Inventory lists | *Legal documents |
| *Invoices | *Research & Development reports |
| *Customer lists | *Financial records |
| *Tax records | *Payroll records |
| *Product proposals | *Microfilm & Microfiche data |
| *Outdated records | *Magnetic Media |
| *Bank statements | *Cancelled or blank cheques |
| *Account ledger | *Patent application material |
| *Computer print outs | *Personnel Files |
| *Plastic credit & ID cards | *Contraband Goods |
| *Redundant stock | *Corporate uniform |
| *Supplier lists | *Internal mail/memo |
| *Insurance records | *Computer hardware/software |

Ask us about your special destruction needs.

If you are uncertain about what to destroy securely then the following questions may be of some help:

Would your competitors benefit if they found your records?

Would your customers want to discover their confidential matters had been carelessly discarded?

What damage could occur to your company if confidential data were disclosed?
